THE UNIVERSITY

The **Yogi Vemana University, Kadapa** established in the year 2006, by an Act of Andhra Pradesh State Legislature is a blessing in disguise for the students and researchers of the backward Rayalaseema region in general and YSR district in particular. The University is accredited by **NAAC 'A' grade with 3.13 out of 4**. It is an offshoot of the erstwhile Sri Venkateswara University Post-Graduate Centre (SVUPG Centre), Kadapa started in the year 1977. Subsequently in 2006, SVU Post-Graduate Centre attained the status of University by the Act of Andhra Pradesh State Legislative Assembly and named after a renowned Philosopher, Sage and Social Reformer 'Vemana'. It is largely devoted to Post-Graduate studies, Honours Degree courses, Diploma courses in 29 Programmes and extensive Research activities in various fields of academics and has been in the forefront for the past 20 years in providing quality higher education of relevance in the State of Andhra Pradesh. It has sprawling campus with around 700 acres located 15kms away on the western side of Kadapa city on the Kadapa – Pulivendula road.

THE DEPARTMENT

The Department of Business Management was founded in 2003. It embraces two year full-time courses with two streams of M.B.A and M.B.A (HRM) and Ph.D programme in full-time and part-time mode. M.B.A. course offers Four specialisations, i.e., Marketing, Finance, Human Resource Management and Business Analytics (Systems). The curriculum that is followed has a balanced blend of practical and theory as per NEP 2020. The Department is involved in applied and innovative research in collaboration with other premier institutions with a multidisciplinary approach such that the budding managers are equipped with advanced technical knowhow and skills to enable them to carve out a niche for themselves in the competitive business environment. The faculty has made qualitative research based contributions in Scopus and UGC Care Listed journals.

THE SEMINAR

The **Goods and Services Tax (GST)** is an indirect, multi-stage, destination-based tax levied on the supply of goods and services across India. The introduction of the Goods and Services Tax (GST) in 2017 was a landmark reform, creating a unified national market. Building on this foundation, the "**NextGen GST Reforms**" (often referred to as GST 2.0, effective from September 2025) aim to align India's fiscal policy with its long-term vision of a developed nation or Viksit Bharat by 2047. Announced by the GST Council the Next-Gen reforms are designed to boost consumption and economic growth by rationalizing rates and simplifying procedures. The **Next Generation (Next-Gen) GST reforms** (also known as **GST 2.0**) are a major update, effective from September 22, 2025 and aimed at simplifying the tax structure further, reducing the tax burden on everyday items and improving the ease of compliance. These reforms aim to make India's tax system more transparent and efficient, leading to increased consumer savings and supporting the "Make in India" initiative. This seminar will provide a platform for policymakers, academics, industry leaders and stakeholders of Southern States of India to deliberate on the impact, challenges and future trajectory of these reforms in fostering inclusive growth, a self-reliant economy (**Atmanirbhar Bharat**) and achieving the socio-economic objectives of the nation.

OBJECTIVES OF THE SEMINAR

The main objectives of the seminar are :

- ♦ To analyze the impact of the NextGen GST reforms on **household affordability**, employability, public health initiatives and environmental sustainability in Southern States and in India.
- ♦ To evaluate the effectiveness of the simplified **two-slab GST structure in enhancing ease of living and doing business**.
- ♦ To foster dialogue on policy recalibrations needed to maximize the benefits of these reforms for **all sections of society including youth, farmers and MSMEs**.
- ♦ To provide recommendations for **future GST evolution, leveraging technology like AI and data analytics** to further improve compliance and plug revenue leakages.

CALL FOR PAPERS

The seminar seeks to explore the theme of the seminar through an interdisciplinary approach. Hence, the following sub themes are planned to discuss the theme in the seminar :

Main Theme :

- The impact of the NextGen GST reforms (GST 2.0) on **household affordability, employability, public health initiatives and environmental sustainability** in Southern States and in India and aligning with Vikasit Bharath-2047.

Sub Themes :

The seminar will explore the core pillars and specific impacts of the reforms through the following sub themes :
