CALL FOR QUOTATIONS

To

The Firms / Service Providers

Sir/Madam,

I am to inform you that we are required "ddRAD based sequencing of Foxtail Millet Lines" towards fulfilment of project goals in the ANRF-ARG, New Delhi.

Please send your **LOWEST QUOTATION (Unit Price/ Sample along with Applicable Taxes / Duties)** in TRIPLICATES in a sealed cover directly to **The Registrar, Yogi Vemana University, Vemanapuram, Kadapa – 516005 (AP., INDIA)** so as to reach on or before **2nd July, 2026** by Registered Post / Speed Post / Courier. Kindly specify the rate of GST in your Quotation and any other Particulars in the sealed quotation.

S. No	Specifications for "ddRAD based Sequencing of Foxtail Millet Lines"
1	1. Foxtail Millet sample should be sequenced by "sequencing by synthesis using reversible termination method" with four separate dyes for labeling nucleotide bases (HiseqX) 2. All data should be paired end with minimum read length of 2 x 150 bp in Fastq Format 3. At least 250 MB processed data should be generated for each sample 4. Vendor/firm should provide sequencing strategy including library preparation method, machine used in library preparation & sequencing with model name fulfilling above "Reversible Termination" chemistry in detail at the time of filing the tender. 5. Quality control report of each library and insert size detail should be shared with PI, Yogi Vemana University prior sequencing. The Library should proceed for sequencing only after satisfaction and approval of each report by PI, YVU. 6. The Firm / service provider has to commit for the Genotype by Sequencing, Allele calling, Aligning of the Data with Reference Genome, and for Association Mapping for the phenotypic data given by PI, YVU 7. The Firm / service provider should Raw sequence files along with processed data files at various data depth securely in appropriate hard drive to the PI, YVU 8. The data should be generated & delivered within 90 days after receiving the biological samples. 9. Leftover biological samples should be returned back to PI, YVU. 10. Leftover prepared library should be returned as well to PI, YVU 11. The vendor/firm will maintain raw data generated by them at least for 1 year and should be shared with PI, YVU. 12. Written commitment should be given that the data will be property of YVU and will not be shared by vendor or its associate to any other party. The data

	cannot be used by the vendor for any (R&D or commercial) purpose. 13. During the process of library preparation & sequencing of biological samples, PI, YVU has right to send its representative/student to visit facility and observe the whole process. 14. Written commitment should be given that no biological samples will be sent outside India for sequencing or any other purpose. 15. Proof of earlier works from reputed Institutions or companies is a must (Published manuscripts mentioning Firm name is much preferred) by the firm should be submitted in support of their experience.
